

NI CAPITAL EQUITY FUND (SAHMY 70 FUND)

FACT SHEET

August 2025

Fund's goal

The fund aims to deliver returns that closely mirror those of the EGX70 Equal-Weighted Index, maintaining a correlation of no less than 90% while carefully accounting for the tracking error. At least 90% of the fund's net assets are invested in a diversified portfolio of equities selected to closely replicate the performance of the index.

Subscription and Redemption

Investors in the fund are able to subscribe and redeem their investment certificates on a daily basis via email, phone call, or using Arabiya Online mobile application.
